HANDBOOK

2017

Welcome from our Chairman

2016 was a vintage year for the Association with records being broken left right and centre, the re-introduction of the 100 and the small matter of one of our member riders' becoming British Best All Rounder. Stephen Irwin broke three records at 10, 25 and 100 miles with 18.49, 49.26 and 3.33.32 respectively, Adam Hartley set new junior figures at 10 with 19.19, and Dave Allonby updated the 30 mile figure to 1.4.37, excellent rides.

The new 100 course certainly showed its potential with some superfast times as well as the aforementioned record. In 2017 we welcome Nigel Clementson as the new organiser, your help would be appreciated.

Congratulations to Richard Bideau of Pendle Forest CC the 2016 BBAR, a worthy winner at a new record average speed.

The ever popular combined clubs' events still maintain their record of attracting newcomers to the sport, with the 10 mile event kicking off the season on 4th March. May you all enjoy a speedy and successful 2017 season.

Best regards,

Richard Taylor

Rules

- The competition is open to any rider whose club is affiliated to the NLTTA at a cost of £15 per club. Any club can affiliate. Individual riders do not have to make any claims for points since they are awarded automatically following club affiliation.
- Competitors are only eligible for points in events following club affiliation.
- The competition is run on a points basis. For each event 120 points are awarded for first place, decreasing by 1 point for each subsequent place.
- Riders who are not in NLTTA affiliated clubs will be disregarded in the points allocation. Only competitors appearing on the result sheet will be awarded points.
- There are 26 qualifying events. Riders can enter as many events as they wish.
- The general competition is determined by each rider's best 8 results.
- The club prize will be determined by the combined total of the top 3 riders' points total from each club from any of the general competitions.
- A detailed league table will be posted on the website at regular intervals to enable teams and individuals to monitor their progress.
- In order to qualify for a Category prize riders must complete 8 rides, prizes will be awarded in each category only if there are at least two qualified riders.
- The category of each competitor is fixed on the first event in February.
- Ties for the prize categories in the final league table will be resolved by counting the number of 1st places. If still equal, 2nd places will be counted, then 3rds etc.

Lakesand LanCS SpoCo encourage the use of "Sporting" courses for cycle Time Trials as an alternative to the use of traffic-laden dual-carriageway courses. The events selected, mainly in Cumbria and Lancashire, but also including neighbouring areas are existing events held under CTT rules by existing clubs. They are selected on the basis of the nature of the course used and are held between February and July.

The league is funded by an affiliation fee of £15 from clubs whose members wish to participate in the competition, and donations from promoting clubs. League tables are produced after each event and they will be posted on the website as soon as possible following each event.
